

Dear friends

I am sharing with you two news.

One is of the publication of my book "*Transcending Architecture. Contemporary Views on Sacred Space*" (CUA Press, 2015). While I feel a bit too self-conscious telling you about it, on the other hand the book contains contributions from many ACS members (12 to be exact) and therefore it is not just 'my' work but 'our' work. Here is a link to a website where, if interested, you can learn more about it.

The second is a review of ACS member Dennis Alan Winter's book "*Searching for the Heart of Sacred Space: Landscape, Buddhism and Awakening*" (Sumeru Press 2014) that just appeared in *Landscape Review*. Here is a link:

Thank you
